St. Anne's Catholic Primary School

Reception Class

Summer Term

Literacy

Reading-
We will be learning an increasing range of Key Words and Tricky Words and will be continuing to develop our Phonics knowledge to support our decoding of words. We will continue to explore Phonics through our daily Read Write Inc. lessons.
Continuing to read and explore a wide range of different texts through our Talk 4 Writing lessons.

Writing
We will continue to explore different genres and styles of writing, including story writing, lists, poems and prayers.
We will be writing with increasing independence and exploring how we can extend and develop our sentences, e.g, using connectives and exciting vocabulary.

Numeracy

Number: Continuing our exploration, recognition and recording of numbers to 20 and beyond. We will begin to count in different steps, e.g. in steps of 2 and 10.

Addition and Subtraction: We will continue to use these operations to solve different types of problems and will also explore doubling and halving.

Shape, Space and Measure: We explore the properties of 2D and 3D shapes and we will start to explore clocks and telling the time. We will continue to create and explore patterns and we will continue to compare objects by their length, height and weight.

RE

Pentecost: We will be finding out about this Feast and sequencing pictures to show the events.

People who Help Us: We will find out about the role of a Priest and we will visit St Anne's Church to see this first hand.

Prayer: We will reflect upon the prayers that we have learnt during our first school year. We will also write our own prayers and explore prayers including the Our Father and Hail Mary.

Science

We will build upon the Life Cycle work completed during the Spring Term by planting seeds and observing how they grow and change.

We will also make careful observations of the natural world and explore the characteristics of different animals.

History/Geography

We will be finding out about different animals when exploring our 'Animals' Topic, e.g. learning about the different parts of the world where different animals live, their habitats and environments.

Art/D&T

Collages to create different animals and their habitats, e.g. jungles, under the sea.

Computing

Fantastic Tales: exploring how we can bring stories to life through animation.

Let's Celebrate: exploring how we can communicate digitally and send our first email.

P.E.

We will explore dance and perform a range of movements to different types of music.

We will develop our knowledge of team games and athletics in preparation for Sports Day during the Summer Term.

Educational Visits/Enrichment Activities:

Language Alive Workshop: 'Things that go bump'.

Visit to St Anne's Church – linked to our RE unit: 'People who Help us'.

End of Year Visit
