

## Mosaic Challenge

We are going to work with an artist named Garry Jones over the next few weeks to make some mosaics for our prayer area at the front of school. We asked parents and children to help design them. We asked for designs to represent us, as a school - things like family, love, prayer and faith. This was an opportunity for families to work at home over the weekend to create some wonderful designs. We have had some fantastic ideas that we will be sharing with Garry. Look out for other events related to this in the newsletter.
