

Parent and Child Mosaic Workshop

On Friday the 12th of October we had a school workshop with Garry Jones (the artist we will work with to create our mosaics and who we worked with for the St Patrick's Day Parade).

All of the families that created a mosaic design for our School Prayer Area were invited along to recreate their design on a tile using mosaic squares. I think you will agree that some of the designs are beautiful. We can't wait to see these designs incorporated into the actual ones we will make this week in school.
