

Pupil Premium 2013-2014

At Saint Anne's Catholic Primary School, the Governing Body and all Staff are committed to the belief that every child should be entitled to and access any support and intervention that we can offer in order that they achieve their potential.

The Pupil Premium is additional government funding allocated to our school to support children from low income families to do well at school and to ensure they benefit from the same opportunities as children from higher income families.

Across the country, there has been a pattern of children entitled to free school meals, not achieving as well as children whose families have a higher income. This is the gap we have to close and raise the attainment of disadvantaged pupils so that they achieve as well as their peers.

The funding is allocated to us according to the number of children from Reception through to Year Six who:

- have been registered as eligible for free school meals at any point in the last six years
- have been in care or looked after for six months or longer
- have parents in the Armed Forces
